I had a very painful, scary bump on my leg. I called the Telehealth service, and in less than 4 minutes, I was talking to a doctor! She called in an Rx – I not only had almost immediate relief, I had peace of mind.

My daughter called from college in a panic. She had a lot going on and wasn't feeling well. She couldn't get an appointment at a local doctor and the wait times at the campus health center and local urgent care were ridiculous. I told her to call freshbenies. She called and within an hour she had spoken to a doctor and had a prescription in hand.
